The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

 <p>Celia Chang Primary Examiner Art Unit 1625</p>			

Continuation of 11. does NOT place the application in condition for allowance because: Applicants provided mere arguments based on the article of amorphous carbon for which no relevancy can be found. Not only carbon is not a drug, but also, the many type of amorphous carbon was clearly described by the article that each needs to be characterized by its properties such as its atomic coordination, its glassy or isotropic properties, its fibrous nature and X-rays showing a "broad hump" indicating the noncrystalline nature. No where did the article teach that the different properties of amorphous carbon are identified by x-ray powder diffraction instead of its process of making and its characteristic properties..
